COMMISR. FOR RAILWAYS QUEENSLAND
13051
26 AUG 86

Brisbane, 16 August, 1886.

To the Hon. WM. MILES, *Minister for Works.*

Sir—We, the undersigned, being of opinion that the early construction of the CLEVELAND RAILWAY LINE *is desired by a great majority of the people of Brisbane and surrounding districts, and that the Line would from the very outset prove remunerative, and being convinced that the Government has already in its possession such information as can enable it to decide finally as to the best route, respectfully urge the desirability of completing the permanent survey as quickly as possible, so that the various papers relating thereto may be laid upon the Table of the House this Session.*
